

Besuch des Artificial Intelligence Laboratory, Zürich, Schweiz

Gerne erwarten wir Sie am AI-Lab an der Andreasstrasse 15, in 8050 Zürich, Schweiz, Seminarraum 2.46 (2. Stock, Raum 46). Untenstehend finden Sie unseren Programmvorschlag:

Labtour Programm für Donnerstag, 27. Januar 2011, 18:30h - 20:30h

Programm	Speaker	Where	When
Welcome to the AI-Lab: A short introduction into the wide area of research performed at the AI-Lab the emergence of complexity	Prof. Dr. Rolf Pfeifer Director of the AI-Lab	Room 2.46	18:30h - all visitors
Anthropomimetic robotics: Artificial humans	Dr. Hugo G. Marques Cristiano Alessandro	Office 2.18	19:15h – groups
Embodiment and what we can learn from it: Complex hand movements	Alejandro H. Arieta Kostas Dermitzakis	Office 2.05	19:30h – groups
From Locomotion to Cognition: Artificial fish and navigation behaviour	Matej Hoffmann	Office 2.22	19:40h – groups
Artificial Octopus: Complexity in water	Naveen S. Kuppuswamy Tao Li	Office 2.26	19:50h – groups
Penguins on Snow: The Adaptive Leg Press (ALP)	Raja Dravid Max Lungarella	Office 2.12	19:55h – groups
ShanghAI Lectures project: Collaborative semi-virtual environments	Nathan Labhart	Room 2.46	20:10h – groups
Neural Interfacing Technology and beyond: Collaborations and industry cooperations at the AI Lab	Pascal Kaufmann	Room 2.46	20:20h - all visitors
Closing remarks, Discussion Round, Questions	All speakers	Room 2.46	20:30h- all visitors
